*Witness Panels*

36.—(1) The Board shall permit evidence to be given by a number of witnesses sitting as a panel, provided that the Board is satisfied that in the particular case the tendering of evidence in this manner

will result in a full and fair hearing in the public interest.

(2) Questions addressed to a witness panel may be directed at specific members or the panel in general.

(3) Where a question is directed to a specific member of a panel and he asserts an inability to answer due to lack of knowledge or qualifications, the Board may permit another member of the panel to provide the answer. O. Reg. 4/88, r. 36.

*Summons*

37.—(1) The Board may require any person, including a party, by summons:

- (a) to give evidence on oath or affirmation at a hearing; and
- (b) to produce in evidence at a hearing such documents or other things as specified in the summons,

relevant to the subject matter of the hearing and not inadmissible in evidence by reason of privilege or statutory prohibition.

## PART III—EVIDENCE

*Studies and Reports*

38.—(1) Studies, reports and documents relating to the application and in the possession, control or power of the applicant shall be filed with the Board, at such time as the applicant has received notification of the date set for the hearing of the application, and placed in a local public library or other public repository as directed by the Board and, if requested, copies of the material shall be given by the applicant to persons or groups of persons who have indicated to the applicant or the Board that they intend to be parties at the hearing.

(2) Unless otherwise directed by the Board, parties shall provide any study, report or document, to be relied upon by a witness and put in evidence, to other parties and the Board as soon as it is available and, in any event, at least five hearing days in advance of oral evidence relating to the report. O. Reg. 4/88, r. 38.

*Site Visits*

39.—(1) The Board may make one or more site visits or property inspections.

(2) Where a site visit is made, the Board shall indicate on the record the fact that it made the visit, the date and time and those present. O. Reg. 4/88, r. 39.

#### *Interrogatories*

40.—(1) The Board may order that interrogatories be exchanged among the parties and filed with the Board.

(2) When interrogatories and answers to interrogatories are ordered, the dates and parties upon which each party is to serve such interrogatories and answers and file them with the Board shall be determined by the Board. O. Reg. 4/88, r. 40.

41.—(1) Interrogatories shall contain a written request for information directed from one party to another party, addressed to the party, numbered consecutively for each item of information requested, dated and served within the time limit directed by the Board.

(2) Answers to interrogatories shall respond to the form and content of interrogatories and shall be served within the time limit and upon the parties as ordered by the Board.

(3) A party who is unable or unwilling to provide a full and adequate answer to an interrogatory shall:

- (a) where the party contends that the interrogatory is not relevant, provide a response that sets out reasons in support of that contention;
- (b) where the party contends that the information necessary to provide an answer is not available or cannot with reasonable effort be provided, provide a response that sets out the reasons for the unavailability of such information and provide any alternative available information that the party considers would be of assistance to the person directing the interrogatory;
- (c) where the party contends that the information sought is of a confidential nature, provide a response that sets out the reasons why it is considered confidential; or
- (d) otherwise explain why such an answer cannot be given.

(4) Where answers to interrogatories are not submitted within the time ordered or do not answer the questions of the party submitting the interrogatories, a motion may be brought before the Board in accordance with Rule 23. O. Reg. 4/88, r. 41.

#### *Production*

42.—(1) Any person prior to a hearing or, after the hearing has begun, any party may give notice in writing to any person or party in whose application, witness statement, answer to an interrogatory, or report,

reference has been made to a document, to produce that document for inspection by the party giving the notice and to permit him to make copies thereof.

(2) Any person or party who fails to comply with a notice given pursuant to subrule (1) within ten days from its receipt is not entitled to put the document referred to in the notice in evidence on that party's behalf unless that party satisfies the Board that there is sufficient cause for not complying with the notice. O. Reg. 4/88, r. 42.

#### *Further Information*

43. The Board may order any party to provide such further information, particulars or documents as the Board considers necessary for a full understanding of the issues. O. Reg. 4/88, r. 43.

#### *Copies of Documents*

44.—(1) Where the Board is satisfied with the authenticity of a copy of a document or other material, it may be admitted as evidence at a public hearing.

(2) Where a document has been filed in evidence at a hearing, the Board may, or the person producing it or entitled to it may with leave of the Board, cause the document to be photocopied and the Board may authorize the photocopy to be filed in evidence in place of the document filed and release the document filed. O. Reg. 4/88, r. 44.

#### *Certified Copies*

45. Copies of official or public documents or documents purporting to be certified under the hand of the proper officer, or the person in whose custody such is placed, shall be documents receivable in evidence by the Board as *prima facie* proof of the original without proof of the signature or official position of the person appearing to have signed it. O. Reg. 4/88, r. 45.

#### *Letters of Comment and Written Submissions*

46.—(1) The Board prefers evidence to be given orally at the hearing in order that the evidence given may be tested by cross-examination. However, where notice of a hearing has been given, any person who does not wish to intervene in respect of the application but who wishes to make his views regarding the application known to the Board may file with the Board a letter or written submission commenting on the application, which describes the nature of the person's interest in the application and states clearly his views regarding the application, together with any relevant information that may be useful in explaining or supporting those views.

(2) A person who files a letter or written submission pursuant to subrule (1) does not by that act alone become a party to the hearing.

(3) Before a letter, written submission or petition shall be admitted, the Board shall make it available to

all other parties to the hearing and provide an opportunity for parties to comment on its admissibility.

(4) For the purpose of allowing persons who are unable to attend the hearing during the day to give their views on an application, the Board may hold one or more evening sessions during the course of the hearing. O. Reg. 4/88, r. 46.

#### *Order of Presentation*

Having received a request from the Ministry of Government Services that an undertaking, namely:

The activities involved in the implementation of the Ministry of Northern Development and Mines Head Office plus offices of the Mining, Health and Safety Branch of the Ministry of Labour together in a single office facility undertaking at a site referred to as Lots 72, 73, 74, 75 RP 3-5 in the Township of McKim now in the City of Sudbury be exempt from the application of the Act pursuant to section 29, and

Having been advised by the Ministry of Government Services that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The proposed undertaking will have no significant adverse effects on the environment.

This exemption is subject to the following terms and conditions:

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 74/88.

Exemption—Victoria Hospital Corporation—VHC-1.

Made—January 21st, 1988.

Approved—January 21st, 1988.

Filed—February 3rd, 1988.

ORDER MADE UNDER THE  
ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—VICTORIA HOSPITAL  
CORPORATION—VHC-1

Having received a request from Victoria Hospital Corporation that an amendment to an undertaking, an Energy from Waste Facility on part of the Hospital's Westminster Campus approved under the *Consolidated Hearings Act* by a decision of a Joint Board dated October 18th, 1983, by:

- (a) amending the wording of clause 7 (a) on page 14 of Schedule A to the Joint Board's Decision by deleting the last five lines of the clause and substituting: "will be analyzed for concentrations of the following heavy metals: antimony, cadmium, chromium, copper, iron, lead, manganese, nickel and vanadium", and, if both the use of teflon filters is adopted as a standard sampling technique for use in high volume samplers and standard analytical techniques are adopted for analyzing beryllium, lithium, tin, titanium or zinc from these filters by the Ministry of the Environment, then the relevant metals will be added to the high volume sampling program"; and
- (b) amending the wording of subclause 7 (b) (ii) on page 15 of Schedule A to the Joint Board Decision by deleting the last line of the subclause and substituting the following: "monthly for total weight and the heavy metals listed in Condition No. 5 (a) except for mercury";

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Vice President, Planning and Development, Victoria Hospital Corporation, that:

- A. Clause (a) of Condition No. 7 to an approval granted by a decision of the Joint Board dated October 18, 1983 requires the Victoria Hospital Corporation (the Hospital) to carry out ambient air sampling, commencing at least one year prior to completion of construction using four high volume samplers at certain locations surrounding the plant site as set out in the condition;
- B. Seventeen metals were to be analyzed from the samples collected. They were beryllium, mercury, arsenic, cadmium, chromium, lead, zinc, manganese, iron, copper, nickel, antimony, vanadium, tin, titanium, lithium and selenium;
- C. Subclause (b) (ii) of Condition No. 7 is intended to require that the same metals noted in Paragraph B will be analyzed for in

the material collected in the dustfall jars which are the subject-matter of this subclause:

- D. The Ministry of the Environment is carrying out the ambient air sampling required by Condition No. 7 on behalf of the Hospital; and
- E. Through discussions among the full time parties to the hearing associated with the 1983 Joint Board decision it has been agreed that analyses for certain heavy metals would not result in meaningful data using presently approved standard methods of sample collection using high volume samplers or dustfall jars and standard laboratory analysis procedures. Specifically, meaningful results are not expected for arsenic, beryllium, lithium, mercury, selenium, tin, titanium and zinc from the regular high volume sampler using glass fibre filters. As well, meaningful results are not expected for mercury from the dustfall jar sampler.

And that if the amendment to the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. Needless expense will be incurred by the public in carrying out tests which will not produce accurate and meaningful results; and
- B. The public could be misled by the reporting of analytical results that were not accurate or meaningful.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the amendment to the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the amendment to the undertaking is exempt from the application of the Act for the following reasons:

- A. Consultation with the full time parties to the hearing associated with the 1983 Joint Board decision resulted in agreement to the proposed amendments to Condition No. 7 as noted previously.
- B. This consultation included the provision of independent legal and technical advice for the Citizen's Coalition to Maintain the Environment to assess the amendments proposed.
- C. The Ministry of the Environment has undertaken to carry out a research program

using teflon filters in the high volume sampler device which may lead to standard procedures being established for sample collection and laboratory analysis of beryllium, lithium, tin, titanium and zinc using this procedure. If the use of teflon filters and reliable laboratory analysis procedures are adopted as standard sampling and analytical techniques by the Minister of the Environment for any of these metals, the sampling program will be expanded to include them.

D. The Ministry of the Environment has undertaken to carry out mercury sampling and analysis in the ambient air using a mobile air quality laboratory van equipped for this purpose.

E. All of the full time parties which took part in the hearing leading to the Joint Board decision of October 18, 1983 do not object to an exemption being granted pursuant to section 29 of the *Environmental Assessment Act* for the undertaking to amend Condition No. 7. O. Reg. 74/88.

Approved—February 18th, 1988.

Filed—February 29th, 1988.

### ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

#### EXEMPTION—THE CORPORATION OF THE COUNTY OF ESSEX—ESSE—CT-2

Having received a request from the Corporation of the County of Essex (the "County") that an undertaking, namely:

The modified use until December 31, 1992, of the existing Essex County Landfill No. 3 Site currently approved under the Provisional Certificate of Approval No. 011501 under the *Environmental Protection Act* and located on parts of Lots 14 and 15, Concession 4 in the Township of Maidstone, County of Essex, in order to landfill an area of the site in excess of the height and depth restrictions in the current approval

be exempt from the application of the *Environmental Assessment Act* pursuant to section 29; and

Having been advised by the County that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. Other available interim waste management options will result in significant increases in costs and under current certificates of approval may only handle a portion of the total wastes currently being received at this site.
- B. Lack of disposal options for the total wastes will result in significant environmental effects and risks to human health.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the *Environmental Assessment Act*;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the *Environmental Assessment Act* for the following reasons:

- A. The undertaking is clearly an interim measure for which there is no other reasonable waste management alternative available within the necessary time frame.
- B. The County of Essex is currently undertaking a waste management master plan in accordance with the *Environmental Assessment Act*. It is the intention of the County to implement a long term waste management system in accordance with the master plan. The county intends to implement the plan by December 31, 1992.
- C. The undertaking was recommended after an examination of impacts to the environment of both alternatives to and alternative methods.
- D. Public meetings were held where the modified use of Essex County Landfill No. 3 was discussed, the preferred concept was presented, along with the regulatory processes that must be followed. Concerns with the current operations of Essex County Landfill No. 3 were also discussed at those meetings and these are documented in the "Summary Technical Document" submitted by the County of Essex in support of the exemption request.
- E. The modified use of the Essex County Landfill No. 3 is subject to approval under the *Environmental Protection Act* and requires that a public hearing be held before the Environmental Assessment Board.

This exemption is subject to the following terms and conditions:

1. No waste shall be deposited at Essex County Landfill No. 3 Site after December 31, 1992 or above the contours described in any Certificate of Approval which is issued following the hearing mentioned in E above.
2. Within the interim period of time specified in Condition 1, the County shall file a report annually, on or before the anniversary date of this Order, with the Director, Environmental Assessment Branch, Ministry of the Environment, for filing with the Public Records kept under section 31 of the

*Environmental Assessment Act* by the Branch at the Ministry's head office located at 135 St. Clair Avenue West, Toronto, Ontario M4V 1P5. The annual reports will outline the County's progress in preparing and implementing a long term waste management master plan. O. Reg. 119/88.

ASSESSMENT ACT

O. Reg. 127/88.

Equalization of Assessments Made Under

Section 63 of the Assessment Act.

Made—February 29th, 1988.

Filed—March 2nd, 1988.

REGULATION MADE UNDER THE ASSESSMENT ACT

EQUALIZATION OF ASSESSMENTS MADE UNDER SECTION 63 OF THE ASSESSMENT ACT

I. The equalization of assessment made under the Act in each prescribed class of real property necessary in order to provide for each municipality specified in Schedule 1 to this Regulation, assessments of real property that, in accordance with section 63 of the Act, will be equitable one with the other in each prescribed class of real property shall include, as standards to be taken into account in such equalization and in the computation of the factors resulting therefrom, the following considerations:

- 1. The proportion that the municipal and school taxes levied for the year 1987 against the total assessment of real property in each prescribed class of real property is of the total municipal and school taxes levied for the year 1987 in the municipality shall be maintained to the extent that, if that single mill rate that would have been required to produce in the year 1987 the amount of municipal and school taxes levied in that year against the total assessment of the prescribed class of real property were applied to the total assessment of that prescribed class of real property resulting from the application of the factors hereafter in this Regulation prescribed for that class of real property in that municipality, the municipal and school taxes that would have been levied for the year 1987 from the total assessment for that prescribed class will be substantially the same total amount for that prescribed class of real property as was actually levied in the municipal-

ity for the year 1987 against the total assessment for that prescribed class of real property in that municipality.

- 2. All real property within a prescribed class of real property in the same municipality shall, as nearly as may be, be assessed at the same proportion of the market value of such real property in the year 1984, as that market value is determined by the Assessment Commissioner in whose Assessment Region such real property is located.
- 3. The total assessment, including assessments made under section 32 or 33 of the Act, of the real property in a municipality to which this Regulation applies shall not be increased or decreased substantially.
- 4. Equitability of assessment of real property within each prescribed class of real property in the same municipality shall be established without significant alteration of the assessment relationships between prescribed classes of real property in the same municipality, provided that this paragraph does not apply to affect changes in the assessment relationship between prescribed classes of real property that result from an increase in the total assessment of the prescribed class of real property by reason of assessments made under section 32 or 33 of the Act. O. Reg. 127/88, s. 1.
- 2. This Regulation applies to the municipalities named in Schedule 1 to this Regulation and to the assessment to be shown on the assessment roll to be returned in each municipality for the year 1987 for taxation in the year 1988 and for every assessment made in each municipality for taxation in each subsequent year until a new reassessment of all property within that municipality is made under subsection 63 (3) of the Act. O. Reg. 127/88, s. 2.
- 3. For the purposes of this Regulation, the real property situate in each municipality named in Schedule 1 to this Regulation shall be divided into the prescribed classes of real property that are designated in the said Schedule for that municipality. O. Reg. 127/88, s. 3.

4. For the purposes of this Regulation, the factor to be applied to the market value, as determined in accordance with paragraph 2 of section 1, of real property in each prescribed class of real property in the municipality shall be that shown in Schedule 1 to this Regulation opposite the number of the prescribed class applicable to that municipality. O. Reg. 127/88, s. 4.

5. For the purposes of this Regulation, the following classes of real property are prescribed:

#### CLASS 1

Property assessed either,

- (a) as residential and comprising not more than six residential units, including vacant land municipally zoned for residential development described in this clause; or
- (b) as seasonal residential including vacant land zoned principally for this purpose.

#### CLASS 2

Property assessed either,

- (a) as residential and comprising seven or more residential units, including vacant land municipally zoned principally for residential development described in this clause; or
- (b) as a unit or proposed unit within the meaning of the *Condominium Act* to which subsection 65 (2) of the *Assessment Act* does not apply and that is part of a building or parcel of land containing seven or more residential units, whether or not such residential units are units or proposed units within the meaning of the *Condominium Act*.

#### CLASS 3

Property assessed as commercial, including vacant land municipally zoned principally for commercial development.

#### CLASS 4

Property assessed as industrial, including vacant land municipally zoned principally for industrial development.

#### CLASS 5

Property assessed as farm land.

#### CLASS 6

Property assessed as a pipe line.

#### CLASS 7

Property assessed as a railway right of way. O. Reg. 127/88, s. 5.

6.—(1) The rates contained in Schedule 2 to this Regulation shall apply to the assessment for taxation of all pipe lines liable to assessment and taxation under section 24 of the Act and located in or on the boundary of any municipality, part of a municipality or territory without municipal organization comprised in a locality named in Schedule 1 to this Regulation.

(2) For the purposes of clause 24 (16a) (b) of the Act,

- (a) where two or more pipe lines occupy the same right of way, each pipe line occupying the right of way is a second and subsequent pipe line, except that which bears the highest assessed value computed by applying the rates in Schedule 2 to this Regulation, without the reduction in rates for the second and subsequent pipe lines occupying the same right of way provided for in clause (b), but where two or more pipe lines occupying the same right of way have the same assessed value so computed and that assessed value is the highest assessed value or is the only assessed value for the pipe lines occupying that right of way, each of such pipe lines is designated as a second and subsequent pipe line except that one that was first in use as a pipe line; and
- (b) where a right of way occupied by a pipe line that is not designated to be a second or subsequent pipe line under clause (a) is also occupied by a subsequent pipe line, each pipe line so designated shall be assessable and taxable at 75 per cent of the rate in Schedule 2 to this Regulation that applies to each pipe line so designated. O. Reg. 127/88, s. 6.

COTERMINOUS BOARDS—1988**

1. In this Regulation, "assessment" and "equivalent assessment for a municipality or locality" have the same meaning as in Ontario Regulation 160/88 (General Legislative Grants), and "A.E.F. for 1979" has the same meaning as in Ontario Regulation 98/87 (General Legislative Grants). O. Reg. 161/88, s. 1.

2.—(1) For the purposes of subsection 136n (2) of the Act, for the year 1988, a Roman Catholic school board, other than The Metropolitan Separate School Board, shall pay to a public board that has substantially the same or part of the same area of jurisdiction as the Roman Catholic school board an amount that is calculated as follows:

$$\text{amount} = \frac{A}{B} \times C \times D \times \frac{E}{F}$$

where

A = the amount requisitioned for secondary school purposes in 1987 by the public board increased by the amount, if any, by which the public board reduced its requisition for secondary school purposes in 1987 as a result of a strike or lock-out of employees of the board during the year 1986,

B = the sum of the amounts for secondary school purposes for the municipalities or localities within the jurisdiction of the public board that are determined by dividing the product of 100 and the sum of the assessment for 1987 for the municipality or locality and the equivalent assessment for 1987 by the A.E.F. for 1979 for the municipality or locality,

C = 1.045,

D = the sum of the amounts for separate school purposes for the municipalities or localities within the jurisdiction of both the public board and the Roman Catholic school board that are determined by dividing the product of 100 and the sum of the

assessment for 1988 for the municipality or locality and the equivalent assessment for the municipality or locality for 1988 by the A.E.F. for 1979 for the municipality or locality,

E = the number of pupils who are qualified to be resident pupils of the Roman Catholic school board and who on the 30th day of September, 1987 were enrolled in,

- (a) a secondary school operated by the public board under clause 136n (1) (a) of the Act,
- (b) another public board to which the public board paid fees under clause 136n (1) (b) of the Act,

except for such pupils enrolled in a secondary school of the public board that is transferred with the approval of the Minister to the Roman Catholic school board on the 1st day of January, 1988,

F = the number of pupils who are qualified to be resident pupils of the Roman Catholic school board and who on the 30th day of September, 1987 were enrolled in a secondary school operated by the public board or the Roman Catholic school board and who reside in the area of jurisdiction of the public board,

$\frac{A}{B}$  is calculated to six places of decimal,

$\frac{E}{F}$  is calculated to four places of decimal.

(2) For the purposes of subsection 136n (5) of the Act, for the year 1988, The Metropolitan Separate School Board shall pay to The Metropolitan Toronto School Board an amount calculated in accordance with subsection (1) with necessary modifications. O. Reg. 161/88, s. 2.

3. The amount calculated under section 2 shall be paid by the Roman Catholic school board to the public board in the following instalments:

1. 25 per cent of the amount not later than the 31st day of March, 1988.
2. 25 per cent of the amount not later than the 30th day of June, 1988.
3. 25 per cent of the amount not later than the 30th day of September, 1988.

4. 25 per cent of the amount not later than the 15th day of December, 1988. O. Reg. 161/88, s. 3.

### REGULATION MADE UNDER THE EDUCATION ACT

#### CALCULATION OF FEES FOR PUPILS—1988

##### 1. In this Regulation,

“A.D.E.” means average daily enrolment for 1988 calculated under Ontario Regulation 127/85 (Calculation of Average Daily Enrolment);

“current cost of operating for 1988”, “elementary school pupil”, “eligible sum for French as a first language for 1988”, “eligible sum for French as a second language for 1988”, “eligible sum for Native as a second language for 1988”, “non-resident pupil”, “O.E. for 1988”, “P.A.C.”, “R.O.E. for 1988”, “resident-internal pupil” and “secondary school pupil” have the same meaning as in Ontario Regulation 160/88 (General Legislative Grants) except that,

- (a) in respect of a board appointed under section 70 of the Act, “current cost of operating for 1988” does not include current expenditure for furniture and equipment and for debt charges, and
- (b) where a board has entered into an agreement under subsection 165 (2) of the Act that provides for a payment by the Crown in right of Canada to provide classroom accommodation for a specified number of pupils, the P.A.C. for each such pupil, shall be zero;

“high cost program” means,

- (a) a special education program, other than a program provided in the board’s school in lieu of an education program provided by a provincial school for the blind and the deaf or other similar program for which a general legislative grant is payable,
- (b) a program for trainable retarded children,
- (c) a program that includes technological studies that qualify for one or more credits toward the secondary school graduation diploma or Ontario secondary school diploma, or
- (d) a program of instruction for which credit is granted that is offered in an elementary school to elementary school pupils;

“technological studies” means the courses developed from curriculum guidelines that are issued by the Minister for the intermediate division and senior division and listed under the heading “Technological Studies” in the circular entitled “Ontario School Intermediate and Senior Divisions Program and Diploma Requirements” issued by the Minister. O. Reg. 163/88, s. 1.

2.—(1) This Regulation applies to fees for pupils in respect of the year 1988.

(2) The fees of a board that provides instruction for one or more pupils in respect of whom fees are receivable shall be calculated under this Regulation separately for elementary school purposes and for secondary school purposes. O. Reg. 163/88, s. 2.

3.—(1) Except as provided in section 4, the fee in respect of a pupil whose fee is receivable from another board, from Canada or from a band, council of a band or education authority authorized by the Crown in

right of Canada to provide education for Indians or for a pupil to whom subsection 48 (6) of the Act applies shall be calculated by,

- (a) subtracting from the current cost of operating for 1988 of the board that provides the instruction, the grant payable to the board in respect of the eligible sum for French as a first language for 1988, the eligible sum for French as a second language for 1988 and the eligible sum for Native as a second language for 1988 and dividing the difference so obtained by the sum of the average daily enrolment in respect of resident-internal and non-resident pupils of the board,
  - (i) calculated under section 2 of Ontario Regulation 127/85 (Calculation of Average Daily Enrolment), and
  - (ii) calculated under section 4 of Ontario Regulation 127/85 (Calculation of Average Daily Enrolment) in respect of a course of study acceptable to the Minister that the board is authorized or required to provide in its day school program in grades 1 to 8 or in a school or class for trainable retarded pupils; and
- (b) multiplying the A.D.E. of the pupil to whom subsection 48 (6) of the Act applies or the A.D.E. of the pupil whose fee is receivable from another board, from Canada or from a band, council of a band or education authority, as the case may be, by the sum of,
  - (i) the amount determined under clause (a), and
  - (ii) the P.A.C. for such pupil.

(2) Subclause (1) (b) (ii) does not apply to a board that is appointed under section 70 of the Act.

(3) The fee in respect of a pupil referred to in subsection (1) who is enrolled in a high cost program may be increased by multiplying the fee by a factor agreed upon by the board and party from whom the fees are receivable when,

- (a) the ratio of the A.D.E. of such pupils registered in a high cost program for whom fees are receivable by the board from such party to the A.D.E. of pupils enrolled in such high cost program conducted by the board,

is greater than,

- (b) the ratio of the A.D.E. of such pupils for whom fees are receivable by the board from such party to the A.D.E. of pupils enrolled in schools operated by the board.

(4) The factor agreed upon under subsection (3) shall not be greater than 1.23 in the case of a pupil

enrolled in a program of instruction for which credit is granted that is offered in an elementary school to elementary school pupils.

(5) Subsection (3) does not apply in the case of a trainable retarded pupil who does not have the right to attend under subsection 73 (1) of the Act.

(6) Where under this section the board that provides the instruction and the other board or party concerned cannot agree upon a factor, the factor shall be determined by three arbitrators.

(7) The three arbitrators shall be,

- (a) one arbitrator appointed by the board that provides the instruction;
- (b) one arbitrator appointed by the board from which or the party from whom the fee is receivable; and
- (c) one arbitrator appointed by the Minister.

(8) The decision of the arbitrators or a majority of them is final and binding upon the board that provides the instruction and the other board or party concerned. O. Reg. 163/88, s. 3.

4. The fee in respect of a pupil of a board that is appointed under section 70 of the Act and that operates a school in a centre for the treatment of cerebral palsy, a crippled children's treatment centre, a hospital or a sanatorium shall be calculated by,

- (a) adding to the current cost of operating for 1988 of the board that provides the instruction, the portion approved by the Minister for grant purposes of the expenditure for such year for the transportation of pupils and deducting from the total thereof the general legislative grants payable to the board for such year, except a grant that is equal to the cost of education;
- (b) dividing the amount determined under clause (a) by the sum of the days on which each pupil is enrolled at the school; and
- (c) multiplying the amount determined under clause (b) by the number of days for which the pupil whose fee is being calculated is enrolled at the school. O. Reg. 163/88, s. 4.

5.—(1) The fee in respect of a pupil of a board other than a pupil whose fees are receivable from another board, from Canada or from a band, council of a band or education authority authorized by the Crown in right of Canada to provide education for Indians and the parent or guardian of the pupil who is resident in Ontario shall not exceed the fee referred to in subsection (3) or (4), as the case requires.

(2) Subsection (1) does not apply to a board that is appointed under section 70 of the Act.

(3) The fee in respect of one or more pupils whose parent or guardian is not resident in a school section, separate school zone or secondary school district shall not exceed,

- (a) \$64 for each month such pupil or pupils are enrolled in an elementary school operated by the board; and
- (b) \$64 for each month such pupil or pupils are enrolled in a secondary school operated by the board.

(4) In the case of a pupil who is qualified to be a resident pupil of a school section, separate school zone or secondary school district, the fee in respect of the pupil shall not exceed, for each month the pupil is enrolled, the greater of,

- (a) \$64; and
- (b) one-tenth of the sum of,
  - (i) the quotient obtained by dividing,

(A) the board's estimate of the excess of its O.E. for 1988 for the year over its R.O.E. for 1988,

by,

(B) the A.D.E. of the board for the year that is in respect of resident-internal pupils of the board, and

- (ii) the P.A.C.

(5) Where a pupil is enrolled in a high cost program, the amount calculated under subsection (4) may be increased by an amount that takes into account the additional cost to the board of providing the high cost program. O. Reg. 163/88, s. 5.

6.—(1) The fee in respect of a pupil whose parent or guardian does not reside in Ontario shall be such fee as the board providing the instruction to the pupil may determine and, except as is provided in subsection (3), shall not exceed the product obtained by multiplying one-tenth of the sum of the quotient determined under clause 3 (1) (a) and the P.A.C. for the pupil by the number of months during which the pupil is enrolled in such year in a school operated by the board.

(2) Subsection (1) does not apply to a pupil to whom subsection 48 (6) of the Act applies.

(3) The fee in respect of a pupil referred to in subsection (1) who is enrolled in a high cost program shall be determined by multiplying the fee determined under subsection (1) by a factor to be agreed upon between the board that provides the instruction and the party from whom the fees are receivable. O. Reg. 163/88, s. 6.

7.—(1) The fee in respect of a pupil who is not qualified to be a resident pupil of a board for whom an educational program is provided in a hospital or treatment centre shall be such fee as may be agreed upon between the board that provides the program and,

- (a) the parent or guardian of the pupil; or
- (b) the board of which the pupil is qualified to be a resident pupil.

(2) Subsection (1) does not apply to a board that provides the educational program where the board,

- (a) is appointed under section 70 of the Act; or
- (b) receives a grant under section 16 of Ontario Regulation 160/88 (General Legislative Grants) with respect to that educational program. O. Reg. 163/88, s. 7.

  - (e) net deferred income taxes payable,

(2) The amount in clause (1)(i) is determined by,

- (b) adding the amounts determined in clause (a); and
- (c) multiplying the amount determined in clause (b) by the percentage of equity in the subsidiary that the corporation holds. O. Reg. 167/88, s. 40.

- (b) if no bid and asked prices for the investment have been available to the public within sixty days before the valuation date, at the value for the investment that is determined by a valuator appointed for that purpose; and
- (c) if a value for the investment has not been determined under clause (a) or (b), at the value calculated by reducing the book value of the investment by 25 per cent on the first anniversary of the acquisition of the investment and by 50 per cent on the second anniversary.

(6) If a determination of the market value of an investment in preferred shares under subsection (4) or clause (5)(a) results in a value that is not representative of the true value of the investment and the shares,

- (b) are part of an underwriting in which the issuer raised at least \$50 million in the initial issue,

44. The equity method of accounting shall be used to calculate a corporation's investment in the shares of a subsidiary. O. Reg. 167/88, s. 44.

#### *Swaps, Futures and Similar Instruments*

45.—(1) In this section,

"financial future" means a contract to buy or sell a standard quantity of a specified financial instrument on a specified future date at an agreed price;

"interest rate swap" means an agreement between two parties to exchange interest payments, usually in which one party agrees to make payments at a fixed interest rate and the other party agrees to make payments at a floating interest rate, predicated on notional principal value.

(2) If a corporation enters into an interest rate swap or similar agreement, and the purpose of the transaction is to hedge against interest rate or similar risks associated with its specific assets and liabilities or groups of specific assets and liabilities through a compensatory price movement contract, the net interest shall be recorded in the income accounts as it occurs.

(3) If a corporation acquires a financial future, financial option or similar instrument and the purpose of the transaction is to hedge against interest rate or similar risks associated with its specific assets and liabilities or groups of specific assets and liabilities through a compensatory price movement contract, any gain or loss shall be deferred until the closure of the hedge.

(4) If a corporation acquires a financial future, financial option or similar instrument other than for hedging purposes, the instrument shall be marked-to-market daily on an individual contract basis, any unrealized loss shall be recognized on that basis in the income accounts, and any unrealized gain shall be deferred until realized. O. Reg. 167/88, s. 45.

46.—(1) In this section, "covered option" means a contract under which the purchaser acquires the right to require the corporation to sell to it, within or at a specified time, for a specified amount, specified securities that the corporation owns at the time of contracting.

(3) On the expiry of a covered option, the premium received shall be recorded as income.

(4) On the exercise of a covered option, the premium received shall be included in the gain or loss on the disposition of the applicable investment. O. Reg. 167/88, s. 46.

#### *Short Selling and Uncovered Options*

47.—(1) In this section, "short" in relation to a sale of securities by a corporation means a sale of securities that the corporation does not own or have the right to acquire at the time of making the sale.

(2) If a corporation sells equity or debt obligations short,

- (a) the investment in the short sale contract shall initially be recorded by treating the amount due from the investment dealer as an investment under subsection 166(1) of the Act;
- (b) after the recording referred to in clause (a), the investment in the short sale contract shall be marked-to-market daily, on a contract-by-contract basis, with the accumulated losses, if any, recorded in the corporation's income accounts; and
- (c) all unrealized gains on the investment in the short sale contract shall be deferred except to the extent that the recording of gains would increase the investment to its original value. O. Reg. 167/88, s. 47.

48.—(1) Any premium received for writing an uncovered call option shall be recorded as deferred income until the option lapses or is exercised or until an equal offsetting contract is purchased.

(2) If an uncovered call option,

- (a) lapses unexercised, the premium shall be recorded as income;
- (b) is exercised, the premium shall be included in the gain or loss on the transaction; or
- (c) is offset by the purchase of an equal offsetting contract, the premium previously received shall be netted against the premium paid on the contract purchased, and the net gain or loss shall be recorded in the income accounts at the time of the purchase.

(3) Every uncovered call option shall be marked-to-market daily on a contract-by-contract basis with the accumulated losses, if any, recorded in the income accounts.

(4) No unrealized gains on an uncovered call option shall be recorded except to reverse previously recorded losses on the transaction. O. Reg. 167/88, s. 48.

#### *Financial Instruments Generally*

49.—(1) When a corporation enters into a transaction mentioned in sections 46 to 48, the corporation shall determine whether the transaction is made for the purpose of either hedging or capital appreciation, and shall document its determination with its accounting records.

(2) All unrealized gains and losses on transactions mentioned in sections 46 to 48 that are entered into for hedging purposes shall be deferred until the closure of the hedge.

(3) All unrealized losses arising from transactions mentioned in sections 46 to 48 that are entered into for capital appreciation purposes shall be marked-to-market daily on a contract-by-contract basis, and all unrecognized gains shall be deferred on a contract-by-contract basis until the termination of the applicable agreement.

(4) After a corporation has made a determination under subsection (1) in respect of a transaction, the corporation shall not change its method of accounting for gains and losses arising from the transaction. O. Reg. 167/88, s. 49.

#### *Asset-Backed Securities*

50.—(1) In this section, "asset-backed securities" means an arrangement for the sale of assets that entitles the purchaser to an undivided beneficial interest in a pool of assets.

(3) Any gain on disposition arising from the sale by the corporation of interests in pools of *National Housing Act* (Canada) mortgages under any mortgage-backed securities program may be recorded immediately in the income accounts.

(4) If, under any asset-backed securities arrangement not referred to in subsection (2) or (3), the corporation sells interests in pools of assets and retains administration of the assets on behalf of the purchasers, a portion of the gain on the sale, if any, equal to the maximum loss sustainable by the corporation under any recourse provision of the arrangement shall be treated as deferred income until the maturity of the asset-backed securities. O. Reg. 167/88, s. 50.

#### *Profit Recognition on Asset Sales*

51.—(1) If a corporation sells an asset to a purchaser who is not a restricted party and the purchaser makes a cash down payment of at least 25 per cent of the purchase price, the determination of any gain or loss on the sale may be made without taking into account any reduced rate financing on the sale offered to the purchaser and any commercial and reasonable performance guarantee given to the purchaser.

(2) If a corporation sells an asset to a purchaser who is not a restricted party and the purchaser does not make a cash down payment of at least 25 per cent of the purchase price, the determination of any gain or loss on the sale shall take into account the estimated costs of any performance guarantee given by the corporation and any forbearance of interest. O. Reg. 167/88, s. 51.

52. Gains and losses on the sale of securities must be recognized in the income accounts at the time of the sale. O. Reg. 167/88, s. 52.

#### *Real Estate Project Accounting*

53. Indirect costs, including lease-up costs and general and administrative expenses that do not specifically relate to real estate projects under development, must be charged to expense in the income accounts as they are incurred. O. Reg. 167/88, s. 53.

54. The book value of a real estate development project shall not exceed the current market value of the project as reduced by the estimated costs of disposition. O. Reg. 167/88, s. 54.

55.—(1) Revenue from the sale of real estate shall not be recognized until,

- (a) the significant risks and rewards of ownership have been transferred to a purchaser in good faith in a transaction in which all sig-

nificant acts have been completed and the corporation does not retain any continuing managerial involvement in the degree usually associated with the ownership of real estate; and

- (b) the collection of the proceeds from the sale is reasonably assured.

(2) For the purpose of subsection (1), significant acts are not considered to be completed until such time as all parties are unconditionally bound by the terms of the contract. O. Reg. 167/88, s. 55.

56. Financing and carrying costs for vacant real estate held for resale or development must be charged to the income accounts as they are incurred. O. Reg. 167/88, s. 56.

#### *Recognition of Fee Income*

57. In sections 58 to 68, "loan fees" means the total of all placement fees, application fees, management fees and all other similar fees payable in respect of a loan, mortgage or lease except those that are unconditionally refundable, and includes,

- (a) loan fees charged to a debtor, mortgagor or lessee for arranging or originating a loan, mortgage or lease;
- (b) commitment fees, including standby and guarantee fees and fees of like nature; and
- (c) interest rate pay-down fees. O. Reg. 167/88, s. 57.

58. Sections 59 to 68 apply if the loan fees for a loan, mortgage or lease or a proposed loan, mortgage or lease exceed the lesser of,

- (a) \$1,000; or
- (b) one per cent of the principal amount of the loan, mortgage or lease. O. Reg. 167/88, s. 58.

59. For the purpose of calculating the amount of loan fees, fees charged to a third party are deemed to be fees charged to a debtor, mortgagor or lessee if the third party and the debtor, mortgagor or lessee are related or associated, or if the third party sold the mortgaged property to the mortgagor. O. Reg. 167/88, s. 59.

60.—(1) Loan fees must be recognized as revenue, as an adjustment of the contractual interest rate over the deemed expected term of the loan to which the fees relate, and must be amortized on a time proportion basis so as to result in a constant interest rate adjustment to the yield on the loan.

(2) The deemed expected term of a loan is the contractual maturity date unless,

- (a) the borrower has a right to renew the loan according to the contract terms, in which event the expected term is deemed to be extended in accordance with the right;
- (b) the maturity date according to the contract occurs within the year, and in light of the economic substance of the financing it may reasonably be expected that the loan will be renewed, in which event the expected term is deemed to be three years; and
- (c) there is no contractual maturity date, in which event the expected term is deemed to be five years after the contract date.

(3) For the purposes of subsection (2), the deemed expected term of a loan is not affected by any prepayment rights that the borrower is entitled to exercise. O. Reg. 167/88, s. 60.

61.—(1) Direct costs relating to a loan, mortgage or a lease, including finders fees and commissions, legal fees and appraisal and other direct costs paid to independent third parties, may be recognized on the same basis as loan fees.

(2) Indirect costs including supervisory and overhead costs associated with loans, mortgages and leases shall be expensed in the period in which they are incurred. O. Reg. 167/88, s. 61.

62.—(1) Nonrefundable commitment fees shall be accounted for as deposits and may not be recognized as revenue while the commitment, by its terms, remains unexpired.

(2) A commitment fee for an expired unexercised commitment shall be recognized as revenue as of the date of expiry.

(3) A commitment fee for a commitment that is exercised shall be treated as a loan fee for the resulting loan by the corporation. O. Reg. 167/88, s. 62.

63.—(1) Unconditionally refundable fees shall be accounted for as deposits until the fees are refunded.

(2) Refundable fees subject to conditions shall be treated as deposits until the conditions are resolved, at which time the residual amount shall be treated as loan fees. O. Reg. 167/88, s. 63.

64.—(1) When a loan, mortgage or lease is sold or the balance of the loan, mortgage or lease is extinguished in the ordinary course of business, any related unamortized loan fees shall be recognized as revenue upon the sale or extinguishment.

(2) Subsection (1) does not apply in the case of sale unless all risks and rewards of ownership have been transferred in good faith to an independent third party. O. Reg. 167/88, s. 64.

65. If the terms of a loan, mortgage or lease permit prepayments of principal in an amount that exceeds 25

per cent of the balance outstanding and a prepayment is made, the amortization of the unamortized loan fees may be correspondingly accelerated in the proportion that the amount of the prepayment bears to the balance outstanding. O. Reg. 167/88, s. 65.

66. When a corporation ceases to recognize the contractual interest rate on a loan, mortgage or lease as income because of the doubtful collectibility of the balance of the loan, mortgage or lease, no unamortized fees shall be amortized until the loan, mortgage or lease ceases to be in arrears. O. Reg. 167/88, s. 66.

67.—(1) When a loan, mortgage or lease is renegotiated because of adverse circumstances of the debtor, mortgagor or lessee, or is otherwise restructured, any unamortized fees from the original loan, mortgage or lease shall be treated as loan fees for the renegotiated transaction.

(2) If proceedings for foreclosure or under a power of sale in a mortgage are begun, any unamortized loan fees for the mortgage shall be netted against the outstanding balance of the mortgage. O. Reg. 167/88, s. 67.

68. In any transaction in which a corporation acquires an asset, any fee received by the corporation from the vendor to complete the transaction shall be recorded as an adjustment to the purchase price of the asset. O. Reg. 167/88, s. 68.

#### *Troubled Loan Refinancing or Restructuring*

69. For the purposes of sections 70 to 75, a troubled loan refinancing or restructuring occurs when a corporation, for economic or legal reasons related to the borrower's financial difficulties, grants a concession to the borrower that it would not otherwise consider. O. Reg. 167/88, s. 69.

70.—(1) The amount of any loss resulting from a troubled loan refinancing or restructuring in which only the repayment terms of the loan are modified shall be determined by calculating the discounted value of the total future cash receipts for the loan under the modified terms, and subtracting that amount from the discounted value of the total future cash receipts for the loan under the original terms.

(2) A loss determined under subsection (1) must be recorded as a loss in the income accounts at the time of the refinancing or restructuring and the book value of the loan adjusted accordingly. O. Reg. 167/88, s. 70.

71.—(1) If the discounted value of the total cash receipts for a loan under a troubled loan refinancing or restructuring is greater than the discounted value of the total cash receipts for the original loan, interest income for the refinanced or restructured loan shall be calculated in accordance with the effective interest rate determined under subsection (2).

(2) For the purpose of subsection (1), the effective interest rate for the refinanced or restructured loan is

the discount rate that equates the present value of future cash receipts under the refinanced or restructured loan with the amount of the recorded investment. O. Reg. 167/88, s. 71.

72.—(1) Any payment for a loan following a troubled loan refinancing or restructuring that is received,

- (a) within six months after the refinancing or restructuring, if the payment is collectible monthly; or
- (b) within one year after the refinancing or restructuring, if the payment is collectible other than monthly,

shall be applied in reduction of the outstanding principal amount of the loan, and shall not be attributed to interest income.

(2) After subsection (1) ceases to apply, interest income may be recorded at the effective interest rate of the loan, which is deemed to be the discount rate that equates the present value of the future cash receipts under the terms of the refinancing or restructuring with the amount of the outstanding principal. O. Reg. 167/88, s. 72.

73.—(1) If a troubled loan refinancing or restructuring involves the partial repayment of the loan by way of consideration other than cash and modifies the repayment terms of the loan,

- (a) the fair market value of the non-cash consideration must be determined and accounted for as a partial repayment of the loan; and
- (b) any loss resulting from the refinancing or restructuring shall be calculated in accordance with section 69.

(2) For the purposes of subsection (1), no value shall be ascribed to any contingent consideration receivable such as rights to future profit participations.

(3) No amount payable to the corporation as contingent consideration may be recognized as interest or other income until it is received. O. Reg. 167/88, s. 73.

74. All legal fees and other costs incurred with respect to a troubled loan refinancing or restructuring shall be expensed as they are incurred. O. Reg. 167/88, s. 74.

75.—(1) All fees received by a corporation in respect of a troubled loan refinancing or restructuring shall be treated as deferred income until the loan is paid in full.

(2) Despite subsection (1), if, under a troubled loan restructuring or refinancing, the borrower provides additional security having a market value at least equal to 50 per cent of the value of the security given under the original loan, the fees received by the corpo-

ration in respect of the refinancing or restructuring shall be accounted for as set out in sections 57 to 68. O. Reg. 167/88, s. 75.

#### *Favourable Rate Financing*

76.—(1) This section applies in respect of a loan made by a corporation to a third party,

- (a) at an interest rate that is more than two percentage points below the corporation's normal lending rate for comparable loans with similar collection risks; and
- (b) in connection with the disposition of real estate acquired by the corporation through a mortgage foreclosure or a loan restructuring.

(2) The amount of the discount on a loan described in subsection (1) is the difference between,

- (a) the discounted value of the total future cash receipts for the loan, calculated using the corporation's normal lending rate for comparable loans with similar collection risks in lieu of the contractual interest rate for the loan; and
- (b) the discounted value of the total future cash receipts for the loan at the contractual interest rate.

(3) A discount on a loan determined under subsection (2) must be recorded as a loss in the income accounts at the time the loan is made and the book value of the loan adjusted accordingly. O. Reg. 167/88, s. 76.

#### *Provision for Losses*

77.—(1) Any accumulation for known, probable and possible losses shall be deducted from the applicable asset.

(2) No sum in addition to provisions for known, probable and possible losses and bookable contingencies may be appropriated.

(3) Any addition to an accumulation for known, probable and possible losses shall be created by a charge to the income accounts. O. Reg. 167/88, s. 77.

78. A loss of any nature shall be included in the income accounts when the loss is incurred. O. Reg. 167/88, s. 78.

80. For the purposes of section 79,

- (c) the equity method of accounting must be used when calculating the corporation's investment in the shares of a subsidiary;
- (d) assets administered for estates, trusts and agencies must not be included in the calculation of total assets; and
- (e) the book value of an asset is the cost or amortized cost of the asset less accumulated depreciation, provisions or allowances for losses and received but unearned interest. O. Reg. 167/88, s. 80.

PART X

SELF DEALING

81. For the purposes of clause 142(1)(h) of the Act, a registered corporation may enter into a transaction to sell or redeem its own subordinated notes and its own shares to or from a restricted party. O. Reg. 167/88, s. 81.

PART XI

83.—(1) Subject to the terms, conditions and restrictions, if any, imposed on its registration, a registered corporation may not invest more than 10 per cent of its total assets in,

- (a) debt instruments made under clause 162(1)(c) of the Act; and
- (b) business or commercial loans made under clause 162(2)(c) of the Act,

if the investment is made for the purpose of financing the acquisition, development and construction of real estate for commercial, industrial or residential purposes in the circumstances set out in subsection (2).

(2) Subsection (1) applies in respect of a debt instrument or loan if,

- (a) the borrower's equity interest is less than 25 per cent of the project in respect of which the debt instrument is entered into or the loan is made; and
- (b) a term of the debt instrument or loan agreement provides,

- (i) for fee income to be earned by the registered corporation, its subsidiaries or by any restricted party to the corporation that, if the fees were considered as a cost of borrowing, would increase the cost of borrowing by two or more percentage points,
- (ii) that interest on the debt instrument or loan shall be paid by means of an interest reserve,
- (iii) that interest on the loan shall be paid by means of capitalizing it as principal, or
- (iv) that the registered corporation or its subsidiaries or any restricted party to the corporation shall participate in the profit or the equity of the project

96.—(1) No trust moneys may be admitted to and no participation may be withdrawn from a Fund except on the basis of the trust corporation's valuation of the Fund and except as of a valuation date.

(2) The value of the Fund and its units shall be determined within ten business days following the valuation date.

(3) When a participation or any part thereof is withdrawn from a Fund, the amount withdrawn may, in the discretion of the trust corporation, be paid in cash or rateably in kind, or partly in cash and partly rateably in kind, but all payments or transfers as of any one valuation date must be made on the same basis.

(4) No admission of trust moneys to or withdrawal of a participation from a Fund is permitted if the

result would be that less than 25 per cent of the remaining assets of the Fund would be composed of one or more unencumbered liquid assets that are in a form described in Schedule 2, but this subsection does not apply to prohibit a rateable distribution upon all participations.

(5) If, because of a change in circumstances, an investment held by a Fund does not continue to meet the eligibility criteria under the plan of operation of the Fund for a new investment, and the state of ineligibility continues for a period of six months, no admission to or withdrawal from the Fund may be made except as set out in subsection (6).

(6) Admission to and withdrawal from a Fund in the circumstances set out in subsection (5) may be made,

(5) An investment, other than a mortgage, that is not listed on any stock exchange shall be valued as of the valuation date,

- (a) if bid and asked prices for the investment have been available to the public within sixty days before the valuation date, at the average of the most recent available bid and asked prices; or

(7) The value of an investment in a mortgage is the present value of the mortgage calculated using the current interest rate to the maturity of the mortgage.

(8) If a dividend on a share has been declared but not received by the Fund, and the dividend is considered to be income under the plan of operation of the Fund, the amount of the dividend shall be deducted from the price of the share unless the share price is an exdividend price.

(9) If the Fund has purchased an investment and has not paid for it pending delivery of the investment, the investment shall be valued as an investment held by the Fund and the cash accounts adjusted accordingly.

O. Reg. 184/88, s. 1.

2. Subject to section 3, the Minister may only make an order declaring that the Act does not apply to particular transient living accommodation provided in a suite hotel if the following requirements are met, namely,

- (a) the transient living accommodation is equipped by the landlord with sufficient beds,

chairs, tables and other furniture suitable for temporary living needs;

- (b) the transient living accommodation contains a kitchen equipped by the landlord with sufficient appliances, dishes and cooking and eating utensils to allow for adequate preparation and consumption of meals;
- (c) the transient living accommodation is available for occupation on a day-to-day basis or, if the landlord requires a minimum number of days of occupancy, such number of days does not exceed three;
- (d) telephone calls can be made from the transient living accommodation through a central switchboard or from a telephone provided by the landlord that is in service and located within the transient living accommodation;
- (e) the transient living accommodation is supplied by the landlord with linen and towels which are laundered by the landlord at least once a week;
- (f) cleaning of the transient living accommodation at least twice a week is offered by the landlord; and
- (g) the individual occupying the transient living accommodation has not occupied any portion of the suite hotel for more than ten consecutive months. O. Reg. 184/88, s. 2.

3.—(1) The Minister shall not make the order referred to in section 2 unless the Minister finds that,

- (a) where the transient living accommodation is situate in a building any part of which building was occupied as a rental unit prior to the 1st day of January, 1976,
  - (i) the requirements described in clauses 2 (a) to (d) have been met with respect to the transient living accommodation without interruption since the 1st day of December, 1979,
  - (ii) the requirements described in clauses 2 (e) and (f) have been met with respect to the transient living accommodation without interruption since the later of,
    - (A) the 1st day of June, 1988, and
    - (B) thirty days after the date that the application or motion mentioned in subsection 4 (2) of the Act is made or such later date as the Minister may permit, and

(iii) the requirement described in clause 2 (g) has been met since the later of the dates referred to in subclause (ii); or

- (b) where the transient living accommodation is situate in a building no part of which building was occupied as a rental unit prior to the 1st day of January, 1976,
  - (i) the requirements described in clauses 2 (a) to (d) have been met with respect to the transient living accommodation without interruption since the date on or after the 1st day of August, 1985 that all of the requirements described in clauses 2 (a) to (d) were first met,
  - (ii) the requirements described in clauses 2 (e) and (f) have been met with respect to the transient living accommodation without interruption since the later of,
    - (A) the 1st day of June, 1988, and

- (a) the transient living accommodation is exempt from the *Rental Housing Protection Act, 1986*; or
- (b) no contravention of the *Rental Housing Protection Act, 1986* has occurred in respect of the transient living accommodation. O. Reg. 184/88, s. 3.

4. If the Minister finds that the requirements described in clauses 2 (a) to (d) have been met with respect to the transient living accommodation,

(4) The fraction of the actual damaged production shall be calculated as follows:

$$\frac{\text{Juice Grade price per pound less } 2\text{¢}}{(3 \times \text{Juice Grade price per pound})}$$

3. Subparagraph 5 (3) of Form 4 of the said Regulation, as remade by section 11 of Ontario Regulation 647/85, is revoked and the following substituted therefor:

(3) An insured person shall pay a premium deposit of \$200 at the time of application for extended coverage.

4. The said Regulation is amended by adding thereto the following Form:

#### Form 2

#### *Crop Insurance Act (Ontario)*

#### EXTENDED COVERAGE ENDORSEMENT

##### DEFINITIONS

1. In this Form,

"gross production" means the total damaged and undamaged production of the insured crop at each separate orchard;

"insured crop" means all varieties of apples, except crabapples, produced in Ontario;

"separate farms" means farms, whether adjoining or not, that have different addresses or different legal descriptions;

"separate orchards" means orchards that are operated by the same insured person, that are located on separate farms and that have yields that can be maintained separately.

##### TERMS AND CONDITIONS

2.—(1) This endorsement provides for insurance against a loss in the grade of apples resulting from hail damage to separate orchards.

(2) Each separate orchard is insured under this endorsement on an individual basis.

(3) The only insurable peril under this endorsement is hail.

(4) In order to qualify for coverage under this endorsement, the insured person shall offer for insurance all separate orchards that are planted to the insured crop and that are operated by that person in Ontario.

(5) This endorsement is in force where the insured person applies for insurance in Form 1 of this plan, applies for the extended coverage offered under this endorsement and pays the premium prescribed by paragraph 9.

##### APPLICATION

3. An insured person shall make an application for extended coverage by the 20th day of December during the crop year in respect of which insurance in Form 1 of the plan and under this endorsement is requested.

4. The extended coverage under this endorsement may be cancelled by the insured person by notice in writing to the Commission on or before the 10th day of June in the crop year during which the cancellation is to take effect.

##### COVERAGE

5.—(1) The coverage provided under this endorsement shall be the same as that set out in subsections 9 (1), (2) and (3) of the Schedule.

(2) Subsection 9 (4) of the Schedule does not apply to this endorsement.

6. The established price for apples shall be the same as that set out in section 10 of the Schedule.

7. The maximum indemnity for which the Commission is liable under a contract of insurance in Form 1 and insurance provided by this endorsement is the amount obtained by multiplying the total guaranteed

production determined under section 9 of the Schedule by the established price per pound set out in section 10 of the Schedule.

8. For the purposes of this endorsement, an indemnity for a separate orchard shall be payable only where 10 per cent or more of the insured crop in the separate orchard is damaged by hail.

#### PREMIUMS

9.—(1) The total premium payable in the crop year for both the contract of insurance in Form 1 and this endorsement is,

- (a) where the level of coverage is 70 per cent, 20.65 per cent;
- (b) where the level of coverage is 73 per cent, 20.40 per cent;
- (c) where the level of coverage is 76 per cent, 20.10 per cent;
- (d) where the level of coverage is 78 per cent, 19.85 per cent;
- (e) where the level of coverage is 80 per cent, 19.25 per cent,

of the guaranteed production in pounds multiplied by the established price.

(2) The premium prescribed by subsection (1) includes payments in respect of premiums made by the Government of Canada under the *Crop Insurance Act* (Canada).

10. The total premium payable under this endorsement shall be paid by the insured person at the time the contract of insurance for this endorsement is finalized between the Commission and the insured person.

11. The volume discount set out in subsection 12 (1a) of the Schedule does not apply to premiums payable for this endorsement.

#### EVALUATION OF LOSS

12.—(1) The amount of loss respecting the insured acreage for each separate orchard shall be calculated by multiplying the following together:

1. The established price per pound as set out in section 10 of the Schedule.
2. The percentage of loss that is calculated under subparagraph (3).
3. The lesser of the actual production or the guaranteed production, as determined by the Commission.

(2) For the purpose of subparagraph (1), actual production shall include,

- (a) the total orchard run from each separate orchard; and
- (b) the potential production of wholly or partially unharvested acreage where the failure to harvest resulted from a cause of loss not insured against under this endorsement.

(3) Where the insured crop or any part of it has suffered hail damage to such an extent that the grade has been reduced from Canada Fancy to Juice Grade, the percentage of loss due to hail damage, for the purpose of subparagraph (1), is:

$$\left[ \frac{\text{Actual Damaged Production} \times 1 - \left( \frac{\text{Juice Grade per pound less } 2\%}{3 \times \text{Juice Grade price per pound}} \right)}{\text{Gross production}} \right] \times 100$$

(4) In order to determine the reduction in grade by hail, the Commission shall calculate the hail counts as close to harvest as possible.

#### NOTICE OF LOSS OR DAMAGE

13. Where loss or damage to the insured crop occurs, the insured person shall notify the Commission immediately in writing. O. Reg. 222/88, s. 4.

O. Reg. 238/88, s. 5, part.

**ENVIRONMENTAL ASSESSMENT ACT**

**O. Reg. 239/88.**

Exemption—The Corporation of the Town of Cobourg—COBG-T-1.

Made—March 31st, 1988.

Approved—March 31st, 1988.

Filed—April 19th, 1988.

**ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT**

**EXEMPTION—THE CORPORATION OF THE TOWN OF COBOURG—COBG-T-1**

Having received a request from The Corporation of the Town of Cobourg that an undertaking, namely:

the proposal to extend the existing vertical fill contours and operate as an interim measure, the existing and licensed Town of Cobourg Landfill Site located approximately 13 kilometres east of Cobourg, immediately south of Highway 401 on Lot 31 and 32, Concession 1, Haldimand Township in Northumberland County for the disposal of its domestic, commercial and non-hazardous solid industrial wastes be exempted from the application of the *Environmental Assessment Act* pursuant to section 29; and

Having been advised by the Town of Cobourg that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Town has limited disposal capacity remaining under the current Emergency Certificate of Approval No. A311702 issued to

the Town of Cobourg on August 13, 1986 and undue delay in implementing an interim expansion would not be in the best interests of the municipality. The development of a long term waste management strategy has been undertaken by the Town.

- B. Other available interim waste management options are not suitable or will result in a significant increase in waste disposal costs.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The expansion of existing vertical fill contours at the existing landfill site is clearly an interim measure for which there are no other reasonable waste management alternatives which can be implemented within the necessary time frame.
- B. The proposal to increase the existing fill contours of the Cobourg Landfill Site is not a major undertaking. The waste disposal site has been in operation since 1958 and is an established and accepted land use. Interim alternatives which have been evaluated include waste incineration and waste transport to an alternate site. It was concluded by the Town of Cobourg that these alternative options are not suitable as an interim solution.
- C. The existing Landfill Site is operating under Emergency Certificate of Approval No. A311702 and the interim expansion of the Cobourg Landfill Site is subject to the requirements of the *Environmental Protection Act*. It is expected that pursuant to this Act, a public hearing will be required. This hearing will give local residents the opportunity to provide input to the Environmental Assessment Board and in turn to the Director on the technical aspects of this proposal. There has been no public response to notices published in the local and County newspapers.
- D. No useful purpose would be served by conducting an environmental assessment or further hearings under the *Environmental Assessment Act* on the suitability of the Cobourg Landfill Site for landfill purposes. The Town of Cobourg has initiated a long-term waste management strategy and is a participant in the development of the North-

umberland County Solid Waste Master Plan, which is expected to take approximately four years. This Solid Waste Master Plan will be implemented in accordance with the *Environmental Assessment Act*.

- E. The interim expansion and operation of the Cobourg Landfill Site would be subject to the terms and conditions of this order.

This exemption order is subject to the following terms and conditions:

1. That application be made to the Ministry of the Environment to amend Emergency Certificate of Approval No. A311702 under Part V of the *Environmental Protection Act*.
2. That the Ministry of the Environment be satisfied the interim expansion of the site is supported by detailed hydrogeological and engineering studies.
3. That a site monitoring program be approved by the Ministry of the Environment and that regular monitoring of the site be conducted.
4. That this exemption order does not imply that an exemption will be granted to other ancillary or related activities.
5. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.
6. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.
7. No waste shall be deposited at the site pursuant to this order more than five years after the date of any Provisional Certificate of Approval or Certificate of Approval issued for the purpose of this order, or after approved landfill contour limits for the site are reached, whichever should occur first.

Dated this 31st day of March, 1988.

#### EXEMPTION—MINISTRY OF NATURAL RESOURCES—MNR-50/2

Having received a request from the Minister of Natural Resources that an undertaking, namely:

The activities of providing and operating new fish culture facilities at the following sites:

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Crown will be damaged by the unnecessary expense of having to prepare and submit Environmental Assessments for activities which are expected to have minimal negative impacts on the environment.
- B. The public and tourist industry of Ontario will be damaged by a drop in angler satisfaction and tourism benefits resulting from a reduction in native fish production unless the Ministry of Natural Resources proceeds with the proposed undertaking.
- C. The economically important lake whitefish fishery in Lake Simcoe may suffer from extinction within ten years unless the Ministry proceeds with the Lake Simcoe fish culture facility.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. Existing fish culture facilities are not capable of meeting the increased production required to maintain and rehabilitate existing fish stocks.
- B. Stocking of lake whitefish must be increased to prevent its extinction in Lake Simcoe.
- C. The Ministry of Natural Resources will construct and operate the exempted facilities in a manner to minimize any potential negative impacts upon the environment and co-operate with the Ministry of the Environment in any necessary monitoring to ensure acceptable effluent levels.
- D. The purpose of this exemption order is only to extend the time provided in condition 4 of exemption order MNR-50, filed as O. Reg. 536/84, for commencement of construction and to enable a larger buffer zone to be acquired for the Blue Jay Creek Fish Culture Facility.

This exemption is subject to the following terms and conditions:

1. This exemption does not apply to the acquisition of properties other than those listed below:

2. MNR shall have applied for and received permits and certificates of approval under section 20 (taking of water) and section 24 (sewage works) of the *Ontario Water Resources Act* or have applied therefore and received written advice from the Director that it will receive them if certain conditions are met for each fish culture facility before commencing construction of water supply facilities or sewage works and before taking any water for fish culture purposes and shall not construct or operate a facility except, in

accordance with the applications, permits and approvals or conditions as they may be amended from time to time.

3. Construction activities for the projects which are the subject of this exemption shall be carried out in accordance with the Ministry of Natural Resources Construction and Mitigation handbook for Ministry of Natural Resources Class Environmental Assessment Projects, November, 1982. These requirements shall be included as part of the contract specifications for any contracts which are let for the construction of the facilities.
4. Any fish culture facility which forms part of the undertaking which is exempt under this order may not be constructed unless construction of that fish culture facility commences prior to December 31, 1988.
5. Exemption order MNR-50, filed as O. Reg. 536/84, is revoked and replaced with this order. O. Reg. 243/88.

Having been advised by the Minister of Northern Development and Mines that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

A. The economic hardship experienced by the Wawa-Dubreuilville area will be prolonged and will result in unnecessary costs to the Province in the form of social assistance and subsidies.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The Wawa-Dubreuilville area is suffering economic hardship; construction of this road link will provide access to the gold resource in Finan Township and help to increase employment levels in the area.
- B. Significant negative environmental effects are not expected to occur as a result of this project.
- C. There is an existing approved planning process in place (MNR's Class EA for "Access Roads to MNR Facilities") which is a suitable planning process for this project.

This exemption is subject to the following terms and conditions:

1. The Ministry of Northern Development and Mines shall adapt the planning procedures set out in the Ministry of Natural Resources' Class EA for "Access Roads to MNR Facilities" as approved, during the development of the Goudreau-Lochalsh road.
2. The Ministry of Northern Development and Mines shall consult the public and Government agencies during various stages of planning the project as stated in the above noted Class EA.
3. The public and Government agencies shall have a minimum of thirty days to review the project proposal and to submit comments and concerns to the Ministry of Northern Development and Mines.
4. Prior to project approval by the Ministry of Northern Development and Mines, the Ministry shall notify the public and Government agencies of its decision to proceed and of the outcome of the consultation process.
5. Following notification of the Ministry of Northern Development and Mines' intent to proceed, the public and government agencies shall have fifteen days to submit any comments and/or concerns to the Ministry of Northern Development and Mines. In turn, the Ministry of Northern Development and Mines shall send copies of those comments and/or concerns and how they have been

addressed to the Director of the Environmental Assessment Branch.

6. Prior to carrying out any construction activity pursuant to this Exemption Order an environmental status report outlining the planning, design and construction of work proposed to be undertaken will be completed. The environmental status report shall be completed to outline the environmental effects of planning, design and construction, and the proposed mitigation of these effects. The environmental status report shall be filed at least thirty days prior to the commencement of construction by the Minister of Northern Development and Mines with the Director of the Environmental Assessment Branch of the Ministry of the Environment for filing with the public records kept under section 31 of the Act by the Branch at the Ministry's main office. This environmental status report will clearly state the proposed start and approximate completion dates.
7. The Ministry of Northern Development and Mines shall develop and submit to the Minister of the Environment a Class Environmental Assessment for access roads to resource areas by May 1, 1989.
8. This exemption order will expire May 1, 1989. If construction has not been commenced by that date, the undertaking will not be exempt under this Exemption Order. O. Reg. 284/88.

Designation—KAM 1 Hydro-Electric Project.

Made—May 19th, 1988.

Filed—May 26th, 1988.

REGULATION MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

DESIGNATION—KAM 1 HYDRO-ELECTRIC PROJECT

1. In this Regulation, "hydro-electric generating facility" includes a dam or other water storage or related facility for the purpose of storing, diverting or conducting water for the generation of electricity. O. Reg. 335/88, s. 1.

2. The enterprise or activity by any person of planning, designing, constructing, operating and maintaining a new hydro-electric generating facility on the Kaministiquia River near the City of Thunder Bay in Ontario at a location between Ontario Hydro's Silver Falls Generating Station and Kakabeka Falls Generating Station and any transmission line and ancillary facilities to connect the station to works owned by Ontario Hydro is defined as a major commercial or business enterprise or activity and is designated as an undertaking to which the Act applies. Limited Exemption—Construction of a Hydro-Electric Generating Facility, Transmission Line and Ancillary Facilities on the Kaministiquia River—KAM-1.

Made—May 19th, 1988.

Approved—May 19th, 1988.

Filed—May 26th, 1988.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

LIMITED EXEMPTION—CONSTRUCTION OF A HYDRO-ELECTRIC GENERATING FACILITY, TRANSMISSION LINE AND ANCILLARY FACILITIES ON THE KAMINISTQUIA RIVER—KAM-1

Whereas I have received requests that the proposed undertaking consisting of:

the planning, designing, construction, operating and maintaining of a new hydro-electric generating facility on the Kaministiquia River near the City of Thunder Bay at a location between Ontario Hydro's Silver Falls Generating Station and Kakabeka Falls Generating Station and any transmission line and ancillary facilities to connect the station to works owned by Ontario Hydro,

be made subject to the *Environmental Assessment Act* (the "Act") and referred the matter to the Environmental Assessment Advisory Committee (EAAC) for advice;

Whereas the EAAC recommended that the undertaking be made subject to the Act in a limited way and therefore a designating regulation, Ontario Regulation 335/88, has been made and I have determined that in order to carry out the recommendation of the EAAC the undertaking should be made partially exempt from the application of matters provided for in subsection 5 (3) of the Act pursuant to section 29 of the Act, namely that:

The Environmental Assessment for the undertaking and any hearing arising out of it, in the case of alternatives, be restricted to the consideration of hydro-electric generating alternatives at the sites identified as Kaministiquia 1, 2 and 3 on the Kaministiquia River and other sites in the Kaministiquia River drainage basin with an average capacity over 1 megawatt, so that it will be unnecessary to consider other types of alternatives to the undertaking and other locations.

Having been advised that if the undertaking is subject to the full application of the Act the following injury, damage or interference with the persons and property indicated will occur:

- A. the proponent and other persons participating in the environmental assessment process will be put to undue delay.

I have weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the full application of the Act.

I am of the opinion that it is in the public interest to order and I so order that, since the limited environ-

mental assessment would deal with the major potential adverse impacts of the undertaking on fisheries, tourism and recreation and the effects of flooding lands, the undertaking is exempt as set out above.

## ENVIRONMENTAL ASSESSMENT ACT

### O. Reg. 337/88.

Exemption—Ministry of Government Services—MGS-83.

Made—May 19th, 1988.

Approved—May 19th, 1988.

Filed—May 26th, 1988.

### ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

#### EXEMPTION—MINISTRY OF GOVERNMENT SERVICES—MGS-83

Having received a request from the Minister of Government Services that an undertaking, namely:

The activities involved in acquiring property and designing, constructing, operating and maintaining facilities for the Ministry of Correctional Services for a treatment centre for correctional inmates from northern Ontario who have treatable psychological and behavioural disorders, at a site on Great Northern Road described as Part of Lot 1, Plan H-731, in the City of Sault Ste. Marie, Algoma, currently owned by The Board of Management of F. J. Davey Home for the Aged,

be exempt from the application of the Act pursuant to section 29; and

Having been advised by the Ministry of Government Services that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Ministry of Government Services will be interfered with by having to carry out an environmental assessment on a project with minimal and mitigable impacts; and
- B. The Ministry of Correctional Services will be interfered with and damaged in that the levels of efficiency and service are diminished by the lack of existing treatment facilities in northern Ontario.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The proposed use is permitted under the Official Plan and zoning by-laws (Institutional);
- B. The site is self-contained and will not over-tax the local services;
- C. The City of Sault Ste. Marie prefers this site over alternative sites;
- D. The site has low archeological potential and no unique features, and no heritage studies are required by MCC;
- E. The site is adjacent to similar-size institutional uses;
- F. Public meetings have been held to explain and hear representations on the undertaking; and
- G. All necessary actions will be taken to ensure security at the facility and to minimize visual impact through landscaping.

This exemption is subject to the following terms and conditions:

1. Where any activity which otherwise would be exempt under this order is being carried out as or is part of an undertaking for which an environmental assessment has been accepted and approval to proceed received, the activity shall be carried out in accordance with any terms or conditions in the approval to proceed as well as the conditions of this order.
2. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.
3. To ensure that there be no future expansion and to satisfy neighbourhood concerns, a one-half metre strip of land around the perimeter of the site will be deeded to the City of Sault Ste. Marie.

4. Construction must commence prior to December 31, 1989 in order for this exemption to apply. O. Reg. 337/88.

## General Information

Under the Employee Share Ownership Plan program, an employee group certified by the Minister may be eligible for a grant to offset up to one-half of its costs in negotiating, evaluating and implementing an ESOP with the employer.

## Employee Group

A trade union representing employees of the corporation, or an existing employee association, may apply for certification as an employee group for ESOP purposes. If there is no existing organization that is broadly representative of the company's employees, interested employees may come together to form a group and apply for certification. Only one employee group will be certified per company.

## Employee Group Grant

The grant to an employee group is equal to one-half of the group's eligible costs, to a maximum grant amount of \$5,000.

For purposes of calculating an employee group grant, eligible costs are those which relate directly to the negotiation, evaluation and implementation of an employee share ownership plan and which are incurred with individuals or firms operating at arm's length with the corporation, employees and the employee group.

A grant is payable only if an ESOP is actually registered. If no application is made for registration of a plan, or if registration is refused, no grant is payable.

An Application for Employee Group Grant must be filed with the Ministry within one year of the date of issuance to the corporation of a Certificate of Eligibility.

## Application Information

**Group Representative(s):** A group representative is someone chosen by the members of the employee group to act on their behalf on ESOP matters.

**Authorization of Representative(s) and Request for Group Certification:** All individuals signing in this area of the form must be employees of the corporation.

**Questions?** If you have any questions concerning the completion of this application, please call our office COLLECT and speak with an ESOP Program Specialist.

## Renseignements généraux

En vertu du programme d'actionnariat des employés, un groupe d'employés accrédité par le ministre peut recevoir une subvention dont le montant peut atteindre la moitié du coût de la négociation, de l'évaluation et de la mise en œuvre d'un régime d'actionnariat en collaboration avec l'employeur.

## Groupe d'employés

Un syndicat qui représente les employés de la compagnie, ou une association d'employés déjà en place, peut demander d'être accrédité comme groupe d'employés aux fins du programme d'actionnariat des employés. S'il n'existe aucun groupement pour représenter la plupart des employés, les employés intéressés peuvent former un groupe et faire une demande d'accréditation. Un seul groupe d'employés peut être accrédité dans une compagnie.

## Subvention du groupe d'employés

La subvention versée à un groupe d'employés équivaut à la moitié des frais admissibles du groupe, jusqu'à concurrence de 5 000 \$.

Aux fins du calcul de la subvention d'un groupe d'employés, les frais admissibles sont les frais se rapportant directement à la négociation, à l'évaluation et à la mise en œuvre d'un régime d'actionnariat des employés et engagés auprès de personnes ou d'entreprises sans lien de dépendance avec la compagnie, les employés ou le groupe d'employés.

Une subvention peut être versée seulement si le régime d'actionnariat des employés est effectivement enregistré. Aucune subvention n'est versée pour les régimes pour lesquels aucune demande d'enregistrement n'a été faite ou dont l'enregistrement a été refusé.

Une Demande de subvention (groupe d'employés) doit être déposée auprès du ministère au cours de l'année qui suit la date de délivrance d'un Certificat d'admissibilité à la compagnie.

## Renseignements sur la demande

**Représentant(s) du groupe:** Le ou les représentants du groupe doivent être choisis par les membres du groupe d'employés pour intervenir en leur nom sur les questions relatives au régime d'actionnariat des employés.

**Autorisation du ou des représentants et demande d'accréditation du groupe:** Toutes les personnes qui signent cette section doivent être employées par la compagnie.

Application Information

Previously-owned shares: If you have previously owned common shares of your employer corporation and have sold any of those shares within six months prior to your purchase of employee shares, your grant will be calculated on the purchase price of the employee shares less the proceeds you received from your sale of common shares.

A similar calculation applies if you ever have owned and disposed of employee shares of the corporation, unless those shares were sold within the two year escrow period and the grant you received was repaid at the time of the sale.

Certification: You are not eligible for a grant if you are a significant shareholder in the corporation or if your purchase of employee shares entitles you to incentives under other Ontario or federal programs.
